Installing AGWA
Posted by radhiutm - 2009/03/13 04:15

_____

Hi, i had install AGWA 1.5 as an extension in ArcView 3.3, the problem is, when i tried to activate AGWA extension my screen turn into blue screen and said to remove the installation and ask to check if this installation need any windows updates:

technical information:
*** STOP:0x000000FC (0xED92FB68,0x05004163,0xED92FADC,0x00000001)

any solution?
thank you.

_____

Hi,

Sorry to hear about this!

What version of Windows are you using?

Please try downloading the latest AGWA 1.5 extension again, and let us know if it works.

Thanks,
Lainie
